A PERSONALLY CONDUCTED EXCURSION.

A personally-conducted excursion to the Allegheny Mountains over the Pennsylvania Railroad to Cresson, the great mountain health resort, is announced for Thursday, September 3, 1885, leaving Washington 9:30 a. m., from which point excursion tickets will be sold at the low rate of 88, which includes all expenses, board, and the famous Mountain House. The return coupons of excursion tickets will be good for ten days, and those remaining at Cresson longer than one day, a special rate will be accorded them at the hotel. Observation cars will be attached to train over the mountains, thus enabling the excursionists an opportunity to see the grandeur of the Allegheny Mountain scene, which in the season of its beauty is especially attractive. Before reaching Cresson the excursionists from the East pass through the most notable scenic parts of the country, and the world renowned Horse Shoe Curve. In addition to a rare opportunity extended the Washington people to visit these celebrated springs, so notable for their medicinal qualities and purity, and no doubt a large number will avail themselves of this opportunity to predict that every one accompanying the excursion will be highly pleased and express themselves in the highest terms regarding the management of same.

GILBERT AND SULLIVAN'S "MIKADO."

The sole right to produce the above opera in Washington belongs to the undersigned. Others have, after mutilating it in part and omitting portions, announced a "Mikado" without the name of the author of the libretto or conductor of the music, as well as shrinking from giving it by a temporary change of management.

Messrs. Gilbert and Sullivan have authorized the writer to state that the sole right of production and work in Washington belongs to "Veryrespectfully, J. T. Ford, BALTIMORE, Aug. 34.

Note.—Gilbert and Sullivan's "Mikado" will be given entire at Ford's Opera-House early in September.

Dresden Eisenmann.

One of the most agreeable affairs of the season took place last evening at Myer's Hall on occasion of the wedding of Mr. Simon Dresden of New York and Miss Lena Eisenmann of this city. About 150 friends of the parties witnessed the ceremony, and the wedding was of an elegant repast and ended in dancing until 12 o'clock at night. Among the strangers present were the Misses Jacobs, Lowenthal, Pollock and Hirsh of Baltimore; Miss Ida Goldsmith of Brooklyn; Mrs. C. N. Nelson, Mr. and Mrs. Hirsch of New York. The ushers were Arthur Meier of Baltimore, Gus Oppenheimer, Morris Hahn and Louis Sinsheimer.

Removing the Drapery.

The mounting drapery upon the various public buildings in this city was taken down to-day, having been up the customary forty days since the death of General Grant. It is to be noted that there are nearly 16,000 yards of this material which cost the Government probably about \$100,000 a yard, so that the whole expense of decorating the Government buildings was about \$160,000. With the deposition of the metals of the building, however, it is determined, though it is expected that Colonel Wilson, the Commissioner of Public Buildings and Grounds, will turn it over to the various charitable organizations for distribution to the poor of the District.

He Loved His Dog.

Thomas E. Young, a young man who lives in the county, above Georgetown, was before the Police Court this morning for being the owner of a dog on which he failed to pay the license tax. The prisoner did not deny the charge, but admitted that the animal was only a pup. The Commissioner of General Services said that he was old enough to wear a tag. The defendant was given the alternative of killing the dog or being fined if he could not satisfy the judgment for discovery, &c.

Robbers Reported.

John Bidot, of 914 E street, reports that 207 wires stolen from his coat in the Gunton Building Saturday—Samuel S. Davis, of Tenth and B streets, reports that 100 wires, bid \$7,000; Barnum & Co., bid \$10,000 for 100 wires. The total value of the stolen wires is \$10,000. It is determined, though it is expected that Colonel Wilson, the Commissioner of Public Buildings and Grounds, will turn it over to the various charitable organizations for distribution to the poor of the District.

Be Ready for Emergencies.

During the excursion season a "pocket pistol" is handy to have to keep off cramps and the chills. One never knows when he may be attacked, and to provide against emergencies he should go to Tharp's, No. 818 F street, and lay in a supply of his special whisky.

Attorney Dairy Wagons.

Fresh Albany butter, churned every morning and delivered in 16 lb. "Ward" prints, 45¢ per lb. Also cottage cheese, buttermilk and sweet milk, 5¢ per qt. Cream, 3¢ per pint.

OUT-DOOR SPORTS.

The Probable Entries to the Potomac River Regatta.

While at Fortress Monroe the sport editor of "The Critic" spent a good deal of time among the visiting oarsmen, talking up the Potomac regatta. The results was as follows: The Albany men will be here, provided Monahans does not go to work. He is an iron moulder, and has been out on strike four months. The Monahans will row double and single. Nowlan of the Albany Club will be here, sure. He says that he is anxious to meet Smithson. Smith and Hayes are two of the cleverest boys in the world. They are members of the New York Athletic Club, and had determined to go down to Fortress Monroe on a lark. Davis Roach, the club's trainer, had just returned with the club's pair-oared crew which rowed at the Canadian and Boston regattas, and the captain of the Albany Club had been down with the boys to see that they got into no trouble. They promised the writer that they would be here in their double, and would also get their club to send a four-oared gig and shell crew. The Rappahannock of Fredericksburg have a good four-oared junior shell crew. They think strongly of sending it, and expect to do so. The crew will be reduced from due to Major Sam Sumner that all will be here, come very early winning. Phillips, of the crew, is a thorough gentleman, and a fine oar. It is not known whether the Norfolk will send their gig crew or not. They can't send the same crew they sent to Old Point, unless the committee should make an exception in their favor. They had two members, Captain Elizabeth and Lieutenant Loyd S. McCormick, Seventh Cavalry, arrived at Fort Leavenworth last Friday, the first of the new crew to report for instruction at the Army School there.

General Nelson A. Miles will leave Fort Leavenworth Saturday for San Francisco to meet Mrs. Miles and their children, who will return with him.

Mrs. Rice, wife of Colonel Edmund Rice, is visiting her relatives in Cincinnati, where she will remain until her husband goes back to his former post at Fort Verde.

General Asa P. Blunt, commanding the Fort Leavenworth Military Prison, will leave next month, and will spend part of his vacation here.

Dan Galanah of Philadelphia, who was at Norfolk training their gig crew, will be here Saturday for the regatta.

Some of the papers had it that John A. Kennedy would enter the professional single scull race proposed to be gotten up at the late Old Point regatta. There was not the slightest truth in the rumor. Mr. Kennedy retired from racing several years ago, and it is doubtful if anything has ever induced him to row again. He certainly would be too foolish to neglect his business for such a purpose. Mr. Kennedy's business keeps him so close that he has been able to give very little attention to the Washington crew, which he is supposed to train, and he was not able to get off to go to the late regatta.

Major William A. Elderkin, captain and commander, is granted two months' extension of sick leave. He is now at Walpole, New Hampshire.

The return of Cedar William E. Wood, who only entered at West Point in June, takes effect September 30.

General Nelson B. Switzer, lieutenant colonel, Eighth Cavalry, has been granted one month's leave from Chicago.

The departure of the Mayflower from the North Pacific coast to San Francisco, via City Point, has been delayed until tomorrow to allow slight repairs to be made.

It is understood that Civil Engineer M. T. Endicott, now at the League Island Yard, is to be ordered to duty at the Norfolk yard in the part of next month.

The rifle team of the Department of the Navy left Fort Clark last Saturday and will be in San Francisco Saturday, Sept. 1, to take part in the Division contest beginning September 5. The enlisted men of the team are under command of Lieutenant George C. Sheehan, Third Cavalry.

Colonel Charles C. Crampton, U. S. Army, formerly of the First Cavalry, is spending the summer at Boerne, Texas.

The game Saturday, between the Richmonds and Nationals, was one long to be remembered, and will be a classic in the history of baseball. The game will be the best ever played on the ground. Parrot covered himself with glory. The game will hardly be less interesting.

If the boys win the game to-day and hold off the last, they will enter the final of the Binghamton. The "walk-over" the latter was to have, does not seem so easy after all.
